## Career Objective

Motivated and detail-oriented **Data Analyst** with a **Master of Computer Applications (MCA)** from **Teerthanker Mahaveer University (TMU)**. Passionate about using **data analytics, visualization, and statistical techniques** to extract actionable insights and support business decisions. Eager to apply academic knowledge and internship experience to contribute effectively to a data-driven organization.

---

## Education

**Master of Computer Applications (MCA)**  
Teerthanker Mahaveer University (TMU)  
Post Graduated: 2025

---

## Internship Experience

**Online Data Analyst Intern | Innovate Company**  
Duration: 2 Months (Online)

- Assisted in **data collection, cleaning, and analysis** for real-world business datasets.
  - Worked on **Excel and Python** for performing exploratory data analysis (EDA).
  - Created **visual dashboards** using **Power BI/Tableau** to represent insights effectively.
  - Collaborated with senior analysts to prepare analytical reports and improve data accuracy.
-

## Technical Skills

- **Programming:** Python (Pandas, NumPy, Matplotlib), R (Basics)
  - **Database Management:** SQL, MySQL
  - **Visualization Tools:** Power BI, Tableau
  - **Data Handling:** Excel (Pivot Tables, VLOOKUP, Charts), Google Sheets
  - **Statistics:** Descriptive Statistics, Correlation, Regression, Hypothesis Testing
  - **Other Tools:** MS Office, Google Data Studio, Jupyter Notebook
- 

## Academic Projects

### 1. Student Performance Analysis (Python & Excel)

- Analyzed student exam performance data to identify patterns affecting results.
- Used **Python (Pandas, Matplotlib)** for data cleaning and visualization.

### 2. Sales Dashboard (Power BI)

- Created an interactive dashboard showing regional sales and product performance trends.
  - Provided actionable insights to improve business decision-making.
- 

## Certifications

- **Google Data Analytics Professional Certificate** – Coursera
  - **Introduction to Data Science** – IBM SkillsBuild
  - **SQL for Data Analysis** – Udemy (or platform you used)
- 

## Soft Skills

Analytical Thinking | Problem Solving | Communication | Time Management | Team Collaboration
